

INTUITION

Workshop – Sunday February 21st, 2010

*What is it?
How do you recognise when it's trying to guide you?
What happens when you tune into it?
What happens when you don't?*

I'd love you to join me, Jo-Anne Hook, Life & Business Coach & NLP practitioner with 15 years experience in the field of human potential – to explore the role of *INTUITION* in our lives.

- At this workshop you will:
- Learn how your *INTUITION* works
 - Discover how to apply it in practical ways
 - Feel more Confident & Decisive

* **Guest Speaker:** Dr Peter Grant, Chiropractor, Wellness Practitioner and cancer survivor will join us for a segment to explore the role of *INTUITION* in achieving optimum health. He will share more than 20 years experience in the facilitation of health and recovery and guide you through the steps to enhance your innate healing potential.
